

Who is Lars Brochhagen? As Junior Application Consultant at [foryouandyourcustomers](https://www.foryouandyourcustomers.com) he supports you in optimising your data quality.

What Lars Brochhagen can offer you

Lars Brochhagen works as a Junior Application Consultant in the field of PIM/MDM systems. Based on his business informatics studies and the practical experience made so far, he has a wide range of up-to-date expertise which helps him to understand the challenges of his customers and to support them on their way to a successful digital company. He is passionate about working closely with his clients to achieve the best possible results for their needs. Lars Brochhagen designs and creates the PIM system for the customer and takes care that it fits seamlessly into the IT and e-commerce infrastructure of the company.

*"Be patient, all things are difficult before they become easy."
French proverb*

Where his expertise comes from

Lars Brochhagen obtained his Bachelor of Science degree at the beginning of 2019 at the University of Duisburg/Essen. During an internship he already got to know and appreciate foryouandyourcustomers and the way they work together with and for their customers. He followed these experiences directly after his studies and became part of the team in Essen, where he continued his first steps in the field of PIM/MDM and deepened his knowledge. As a Junior Application Consultant, Lars Brochhagen is looking for new challenges to develop his skills and advance customers and projects in the field of digitalisation.

Bachelor of Science degree in Business Informatics.
