More about Christian Schmidt (csc) at <https://csc.foryouandyourcustomers.com>.

What Christian Schmidt offers

Christian Schmidt is your consultant when it comes to conception and launching of strategies for Digital Information Supply Chain. He will create and put in place solutions for your Master Data Management. Sustainably high data quality resulting from his efforts will support the goals of your enterprise.

“Process Management and Master Data Management combined to achieve sustainably high Data Quality.”

His Background

While entertaining his studies of Computer Science at Hochschule für Technik und Wirtschaft at Saarbrücken, Christian found his passion for process management at America Online Deutschland (AOL) working for AOL at Saarbrücken and Hamburg from 2004 to 2011.

In 2011, he entered his expertise at IT and enterprise processes by joining TÜV Rheinland i-sec GmbH as Consultant Quality Assurance: For 2 years Christian supported the Ministry for Digital Radiocommunication of Public Administrations at Berlin to establish a locations' database for digital speech and data transmission.

As a process manager, Christian Schmidt was responsible for optimisation of Product Master Data Management with Globus SB-Warenhaus Holding GmbH from 2013 to 2015. As Solution Owner Christian was entrusted development and launch of a new Product Information Management to Globus at Germany, Czech Republic and Russia. Becoming a Certified Data Qua-

lity Manager with GS1 Germany added Know-How of Master Data Management in 2016 and 2017.

Since January 2019, Christian joins his thorough expertise at Process Optimisation and Master Data Management for consulting with foryouandyourcustomers Frankfurt GmbH.
